To: Mayor and City Council
From: City Manager
Meeting Date: June 4, 2020
Subject: COVID-19 – COMMUNITY STABILIZATION & ECONOMIC RECOVERY

Recommendation:

1. Receive and file.

Introduction:

The novel Coronavirus (COVID-19) has introduced a far-reaching trifecta of impacts to global public health, the international economy and altering social-cultural norms in real time. Local cities have been especially hard hit by the rapid decline in all revenue categories that otherwise support fiscal stability and the continuity of vital city services and operations. The fiscal impacts combined with public health orders and recent displays of civil unrest has compelled city staff to evaluate and explore viable paths toward stabilizing the community and ensuring a more resilient local economy.

Discussion:

The purpose of this special study session is to provide the public and the City Council with deeper understanding regarding the impacts of the current crisis to the city as a whole. This session is also intended to guide and support the development of citywide policies, programming and projects in the future.

In an effort to solicit meaningful input and feedback, staff has coordinated this special study session using the following presentations:

Presentation 1 – COVID-19 Update – Staff will provide a status update on current efforts related to COVID-19 infections and testing, LA County’s reopening plans, modified city operations, and civil unrest and protests.

Presentation 2 - Community Stabilization & Economic Recovery Framework – Staff has drafted a preliminary framework and flexible approach to help emerge from this crisis and holistically plan a more sustainable and resilient Pico Rivera.

Presentation 3 – Economic Overview & City Budget – Staff will provide context regarding the fiscal impacts associated with the ongoing crisis and introduce considerable implications to the city budget.

Conclusion:

Staff will facilitate the study session and is prepared to elaborate on all subject material presented.
