FROM: Kaili Torres, Senior Analyst

SUBJECT: RFP2021 - Park Security Surveillance System; Questions, Answers, or Addenda / Project Site Walk-Through Sign-In Sheet

The following is a list of questions, received by potential proposers, and the subsequent response by City staff. Questions are not listed in any particular order.

- Can vendor, if awarded contract, mount cameras to the Musco light poles?
  - Yes, if awarded contract vendor will need to provide type of camera, cut sheet, install height, material used to re-seal cut area, and measures taken to ensure wire harness protection.

- What is the current internet speed at Rio Hondo Park facility?
  - 300/20

- Is the Rio Hondo Facility connected to the City’s network through Virtual Private Network?
  - Yes

- What is the wattage of the Musco light poles?
  - 480

- What is the wattage of the shorter, security light poles?
  - 277

- Does the Teen Center (also known as the Mexican American Heritage Center) have internet?
  - Yes; DSL internet with Spectrum, not connected to the City’s network and not connected to the Rio Hondo Park facility.

- What does the City prefer; straight to “Cloud” or onsite data storage?
  - Straight to “Cloud”
• Will separate switches, or any switches, be provided by the City?
  o No

• Does the City want cameras to have License Plate Recognition or Facial Recognition capabilities (i.e. smart analytical camera system)?
  o Proposer should indicate whether company has the capability to offer and install should the City desire these options.

• What does the Rio Hondo Park facility have; coaxial or DSL?
  o Coaxial

• Is there a current internet connection to the outdoor restroom facility at Rio Hondo Park?
  o No

• Can the City adjust internet speed to the Rio Hondo Park facility in the future?
  o Yes, however City is unsure of what the increased speed will be.

• Is there fiber between the park facility buildings; Rio Hondo Park facility, outdoor park restrooms, and Teen Center (as known as the Mexican American Heritage Center)?
  o Unknown; please provide proposal with assumption that there is no fiber.

• Will the City allow for late submittals of proposals for RFP2021 – Parks Security Surveillance System?
  o No

• Will the City accept an electronic submittal of proposal by 12 p.m. on Monday, May 24, 2021; with the hard copy of exact same submittal turned in within 24 hours after electronic submittal?
  o Yes
