History

Pico Rivera was founded in the 1870's when major railroad companies completed rail lines in the area. Newly arrived farmers planted large groves in the fertile land between Rio Hondo and San Gabriel Rivers. Eventually, the two communities, Pico and Rivera, were established and grew into a rustic agricultural setting.

During the 1950's, homes, schools, and churches developed, along with commercial/industrial enterprises. These establishments grew the communities of Pico and Rivera closer together, giving a strong sense of civic awareness. During a 1958 election, the name "Pico Rivera" was confirmed for the new city and five citizens were elected to the first City Council. Thus, Pico Rivera became the 61st city in Los Angeles County.
